All who have been touched by the fellowship of a priest in their lives are invited to share two gifts – first and foremost, prayer. Secondly, a gift that enhances this chapter of the lives of our Senior Priests that perpetuates our gratitude of the service, stewardship and spirituality that they so selflessly have given us.

This Fund was established in memory of Kathie and her son, Christopher. Kathie worked for the Diocese of Brooklyn and the Alive in Hope giving her insight into the lives of some of our Senior Priests. On November 12, 2001 Kathie and Christopher died when Flight #587 fell from the sky onto their Belle Harbor home.

The Lawler family is so grateful for the priests they have known that they established a fund to help senior priests and commemorate their wife/mother and son/brother.

The goal of the Fund is to supplement and enhance the Diocesan programs that assist senior priests as they grow into a new chapter of their lives.
